PRODUCT BULLETIN

International® VT365 Diesel Engine

LONG BLOCK INCLUDES:

- Block
- Camshaft
- Timing gears
- Lifters
- Piston cooling tubes
- Valve train
- Oil pan & pick-up tube
- Oil cooler
- Water pump
- Valve covers

- Crankshaft
- Pistons/rings
- Connecting rods
- Main/rod bearings
- · Cam bearings
- Cylinder heads/valves
- Oil pump
- Front cover
- · Rear cover/flywheel housing

• Injection pressure regulator valve

• Oil filter canister

• High pressure oil rails

• Vibration damper

LONG BLOCK SUPREME INCLUDES:

ALL PARTS ON THE LONG BLOCK PLUS

- Injectors
- Glow plugs
- High pressure oil pump
- Crankshaft position sensor Camshaft position sensor
- Engine oil pressure sensor
- EOT-Engine oil temperature sensor
- ICP Injection control pressure sensor

COMPLETE DROP-IN ENGINE INCLUDES:

ALL PARTS ON THE LONG BLOCK SUPREME PLUS

- Intake Manifold
- Exhaust Manifold
- Turbo Exhaust Piping
- Turbocharger
- EGR Cooler
- Dipstick Tube & Dipstick
- EGR Valves
- Intake air temperature sensor
- Intake air pressure sensor
- Exhaust back pressure sensor

IMPORTANT INSTALLATION INFORMATION

EGR Cooler must be tested and/or replaced to activate warranty.

APPLICATIONS

Reviva's VT365 diesel engines are configured for International delivery trucks, garbage trucks, dump trucks and school buses.

ABOUT THE REVIVA VT365

- All Reviva engines are assembled in the USA.
- Blocks, heads and crankshafts are 100% magnaflux tested to avoid cracked components.
- · Crankshaft is checked for size, reground, if necessary, and micropolished to OEM specifications.
- · Camshaft is checked for wear, reground as necessary, and micropolished to OEM specifications.
- · Connecting rods have new bushings installed and both large and small end are remachined to OEM specifications.
- · All connecting rods are de-magnetized.
- All heads get new valves and are vacuum tested to ensure the quality of the valve job. All heads are pressure tested.
- Core plugs are 100% stainless steel to avoid corrosion.
- Reviva replaces 100% internal wear items including rings, bearings, bushings, gaskets and seals.

REVIVA'S DYNO TEST

All of Reviva's Complete Drop-In engines are 100% dyno tested prior to shipment. Computer controls ensure that each engine dyno test is conducted under standard, repeatable settings. Every engine is run through a warm up cycle, three separate segments simulating light, medium and heavy throttle conditions; maximum torque and horsepower tests; both high and low idle tests; and a black light leak detection test with dyed oil, coolant and fuel.

WARRANTY COVERAGE

On-Road Complete Drop-In configurations: 2yr/unlimited mileage.* Long Block configurations: 1 year/unlimited mileage.

Some restrictions apply; see limited warranty details or call for more information. *2nd vear long block coverage only.
